

Automated Vending Manager (AVM) Locker Units

With our integrated plug-and-play inventory control software and intuitive touchscreen interface, our locker units can be set up anywhere with a cell-phone signal, wifi or hardline Internet connection. Our locker units include check-in, check-out functionality for reusable high-value items.

With our system, distributors:

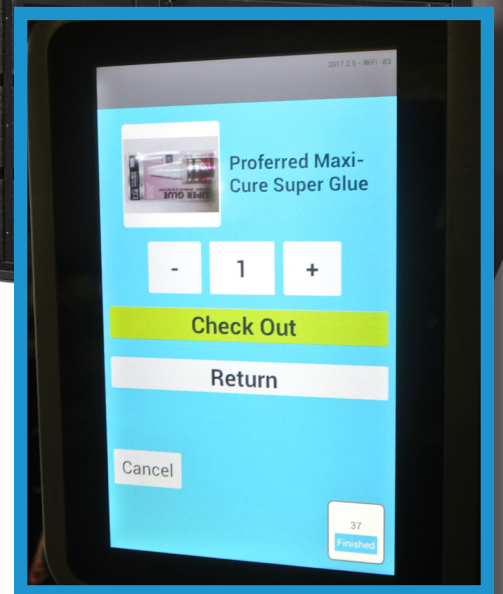

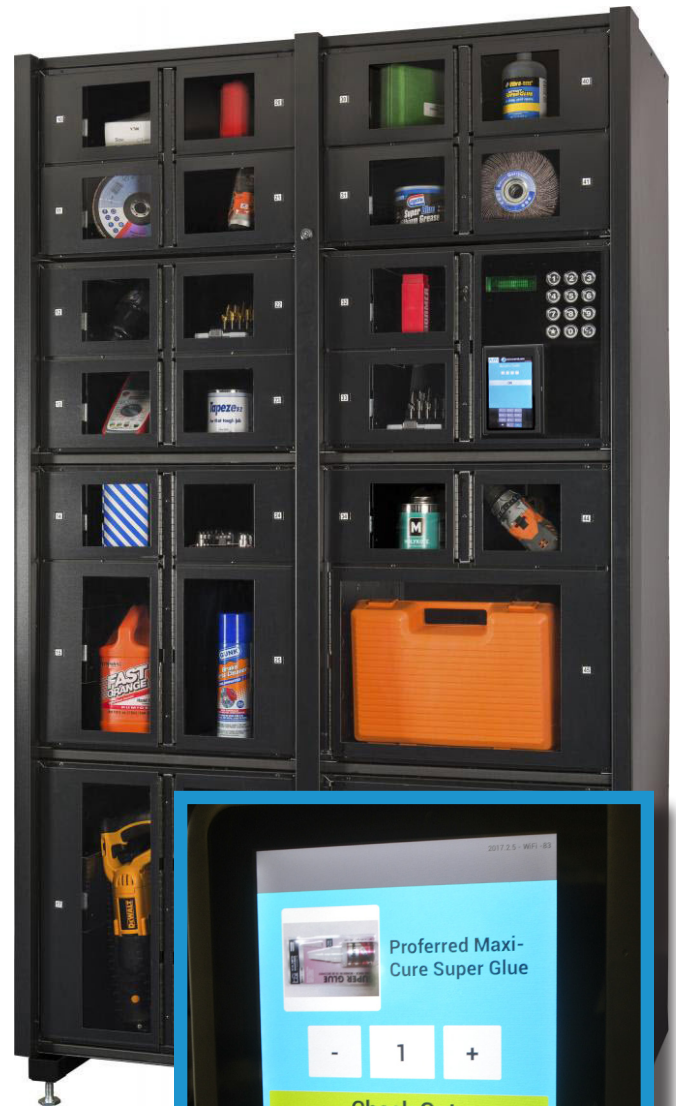

- ✓ Capture more business.
- ✓ Compete on more than price.
- ✓ Increase customer stickiness.

Your customers will:

- ✓ Reduce consumption by 20%+.
- ✓ Save valuable time with point-of-use dispensing.
- ✓ Streamline purchasing.
- ✓ Receive detailed reporting of usage and spending.
- ✓ Have 24/7 secure access without additional staff.

Locker Unit Dimensions: 44"W X 21"D X 72"H

“The price of the machines is great, and the support is great. For our customers, time is money. The greatest benefit is saving them time.”
- Scott Matthews, Denali Industrial Supply

Touchscreen interface;
check-in, check-out functionality
