

# Automated Vending Manager (AVM)

## MiniVend

With our integrated plug-and-play inventory control software and intuitive touchscreen interface, our MiniVend units can be set up anywhere with a cell-phone signal, wifi or hardline Internet connection. The MiniVend is ideal for high-value or high-turn items, including carbide tools, CBN and diamond inserts and more.

### With our system, distributors:

- ✓ Capture more business.
- ✓ Compete on more than price.
- ✓ Increase customer stickiness.

### Your customers will:

- ✓ Reduce consumption by 20%+.
- ✓ Save valuable time with point-of-use dispensing.
- ✓ Streamline purchasing.
- ✓ Receive detailed reporting of usage and spending.
- ✓ Have 24/7 secure access without additional staff.

Intuitive touchscreen interface

### MiniVend Dimensions:

40.5"W X 22.25"D X 25"H

### Selections/Tray/Columns:

24/5/4

The ease of use of the machines is unmatched. It's more user-friendly than any machine I've ever utilized."

- Dan Foust, DiVal Safety Supply
