

Automated Vending Manager (AVM)

Refrigerated Coil (Beverage)

With our integrated plug-and-play inventory control software and intuitive touchscreen interface, our refrigerated coil units can be set up anywhere with a cell-phone signal, wifi or hardline Internet connection.

With our system, distributors:

- ✓ Capture more business.
- ✓ Compete on more than price.
- ✓ Increase customer stickiness.

Your customers will:

- ✓ Reduce consumption by 20%+.
- ✓ Save valuable time with point-of-use dispensing.
- ✓ Streamline purchasing.
- ✓ Receive detailed reporting of usage and spending.
- ✓ Have 24/7 secure access without additional staff.

Intuitive touchscreen interface

Refrigerated Dimensions:

35"W X 35"D X 72"H

Selections/Tray/Columns:

8/5/6 (slots for 240 bottles)

“The ease of use of the machines is unmatched. It's more user-friendly than any machine I've ever utilized.”
- Dan Foust, DiVal Safety Supply
